Is Amelia Earhart Alive: A Mysteries at the Museum Special

*Is Amelia Earhart Alive?* The answer to the question is obvious no, but the real question is what happened to Amelia Earhart? On July 2nd, 1937, on the most treacherous leg of her audacious round-the-world flight, famed aviator Amelia Earhart vanished into thin air. According to the official conclusion, she and her airplane crashed somewhere in the vast Pacific, but eighty years later many scholars disagree.

Don Wildman, the host of *Mysteries at the Museum*, seeks to solve this most enduring of mysteries as he meets experts, examines evidence and explores three separate theories about the disappearance of one of the world's first female pilots in a special program that aired a month ago on the Travel Channel.

The program includes a number of scenes featuring our own Rotary Club Treasurer and Past President, **Dick Olsen**, which were taken on Oahu. Dick was selected to participate in the production due to his knowledge of radio communications and navigation as he is a lifetime ham radio operator and sailor. We'll get a chance to view the program plus get insides as to what happens behind the scenes. Look for the guy in the red shirt!

## Pot of Gold Vacation

The Rotary Club of Hanalei Bay has their upcoming fundraiser is the First Annual Luck of the Irish Supper. It will be held on March 16th at the Porter Pavilion in Kilauea. It is an evening of food including an authentic corned beef and cabbage dinner with organic produce from the Kilauea Community Agricultural Center, beer, games, and Irish Music with Whiskey O, Kauai's top Irish band.

See Rotary Club of Hanalei Bay website for details.

# Boosting Confidence Among Girls

The Rotary Club of Lagos-Palm Grove Estate, Nigeria, recently completed a study that highlighted that 20 percent of girls missed school because they lacked access to menstrual hygiene supplies. The club has started a project, called NORA Dreams, to provide sanitary napkins on the last Friday of every month to female students of Illupeju Senior Secondary School.

Ravindra Kamt, club President, was quoted in **Vanguard-[ngr.com](http://ngr.com)** that "The project is to make life better and more comfortable for girls in school. Our target is 1,000 girls and we intend to take it to other schools in Illupeju. There are plans to extend it to less privileged women in the communities."

Providing these monthly sanitary packs, along with educational books, will boost confidence in young girls and ensure they maintain personal hygiene during their periods. For more information visit **[this article on the District 9110 website](#)**
